Exceptional relaxation

HOF VAN SAKSEN

TIME TO PAMPER YOURSELF

Visit Hof van Saksen, the greatest resort in the Netherlands, to really get away from it all. Spend time in a beautiful region with so much to do and relax with your family or friends. The perfect we-time.

But it's just as important to take some well deserved me-time: an opportunity to focus on yourself and do what you enjoy. In our busy lives we often take care of others at the expense of ourselves. A few hours in our Spa & Wellness may just be the wonderful me-time boost you need to recharge your batteries. The beautiful, soothing space offers a range of facials and body treatments, massages, pedicures and manicures.

Our ladies and gentlemen guests and young visitors can also choose from a number of tailormade treatments. And in between sessions or after your treatment, sit back and sample a delicious lunch or sip a healthy smoothie. In our sauna landscape you will find a Finnish sauna, Infrared sauna and steam bath. After that, cool off in the plunge bath or whirlpool. Or head straight to our sauna garden or relaxation area where you are completely free to relax. Or snooze, dream, read, lounge and rest. Also enquire about our tai chi or yoga workshops. We even offer yoga sessions for children! Known to revitalise the body and soul, these workshops are very popular for a reason.

So treat yourself to some me-time at Hof van Saksen and pamper yourself with some tender loving care. Afterwards you will be ready to take on the world.

SAUNA, GYM AND MORE

Hof van Saksen boasts extensive sauna facilities. There are a number of different saunas and between sauna treatments you can enjoy a light lunch, a snack and a drink. This is where your body and mind achieve total relaxation.

Finnish sauna

The pleasant heat of the Finnish sauna will allow you to completely relax. Stones are heated in the sauna to produce a dry heat. When you visit the Finnish sauna your blood circulation improves and it also has a beneficial effect on the immune system.

 60°C en 90°C

Turkish steam bath

The Turkish steam bath offers both relaxation and enjoyment. It consists of a room heated to around 55°C with humidity levels of almost 100%. The warmth and steam are beneficial to your airways, helping you to breathe more easily.

 55°C

Infrared sauna

The infrared sauna is a moderately warm room in which the heat of the infrared heaters is transmitted to the body without the intervention of air. The infrared rays are wonderfully relaxing and are effective in easing tired or painful muscles. It is a good idea to visit the infrared sauna before having the treatment..

 70°C

Plunge pools

There are two plunge pools in the Spa & Wellness. These can be found both inside as well as outside in the sauna garden.

Footbath

It's a good idea to warm up your feet in the footbath before entering the sauna. The temperature of the water will open up the pores and improve circulation. This will make it easier for your body to perspire in the sauna. You can also use the footbath when you come out of the sauna to help bring your body back to a pleasant temperature.

Whirlpool

Once you have cooled down from the sauna, why not take a relaxing dip in the bubbles? The water jets and air bubbles create a relaxing effect. You will find the Whirlpool outside in our sauna garden, where there are also loungers for you to use.

SAUNA, GYM AND MORE

Wednesday is swimwear day

Every Wednesday is swimwear day in our Spa & Wellness. On this day, guests can only access the sauna area in swimwear. The use of swim trunks, a bathing suit or bikini is mandatory all day. On other days, the use of swimwear is not allowed. Slippers are always mandatory.

If you feel more comfortable going to the sauna in your swimwear, then swimwear day is perfect for you. This is the perfect opportunity to discover what you like best: enjoying the sauna with or without swimwear.
